# FTC Announces New Hart-Scott-Rodino and Clayton Act Section 8 Thresholds for 2023

The Federal Trade Commission (the “FTC”) has revised the jurisdictional and filing fee thresholds of the Hart-Scott-Rodino Antitrust Improvements Act of 1976 (the “HSR Act”) and the Premerger Notification Rules (the “Rules”), based on changes in the gross national product (“GNP”) as required by the 2000 amendments to the HSR Act. The filing thresholds will increase as a result of the increase in the GNP and will apply to transactions that close on or after February 27, 2023 and the new filing fees will apply to HSR filings submitted on or after February 27, 2023.

The HSR Act requires parties intending to merge or to acquire assets, voting securities or certain non-corporate interests to notify the FTC and the Department of Justice, Antitrust Division, and to observe certain waiting periods before consummating the acquisition if certain filing thresholds are met. Notification and Report Forms must be submitted by the parties to a transaction if both the (1) size of transaction and (2) size of parties thresholds are met, unless an exemption applies.

## 1. Size of Transaction

The minimum size of transaction threshold which will be effective as of February 27, 2023, is \$111.4 million, increased from the 2022 threshold of \$101 million.

## 2. Size of Parties

The size of parties threshold is inapplicable if the value of the transaction exceeds \$445.5 million (\$403.9 million in 2021). For transactions with a value between \$111.4 million and \$445.5 million, the size of parties threshold must be met and will be satisfied in one of the following three ways:

	I	II	III
<i>Acquiring Person:</i>	\$222.7 million annual net sales or total assets	\$222.7 million annual net sales or total assets	\$22.3 million annual net sales or total assets
	and	and	and
<i>Acquired Person:</i>	\$22.3 million total assets	a manufacturer with \$22.3 million annual net sales or total assets	\$222.7 million annual net sales or total assets

The various jurisdictional thresholds, notification thresholds, filing fee thresholds and thresholds applicable to certain exemptions will also increase, as summarized in Appendix A to this memorandum.

**3. Filing Fees**

On December 29, 2022, the President signed into law H.R. 2617, the [Consolidated Appropriations Act, 2023](#), which included the Merger Filing Fee Modernization Act. This Act required the FTC to revise the filing fee thresholds annually. In 2022, HSR filing fees were \$45,000 for transactions valued in excess of \$101 million but less than \$202 million; \$125,000 for transactions valued at \$202 million or more but less than \$1.0098 billion; and \$280,000 for transactions valued at \$1.0098 billion or more. For all filings made on or after February 27, 2023, the new HSR filing fees will be as follows:

Filing Fee	Size of Transaction
\$30,000	More than \$111.4 million, but less than \$161.5 million
\$100,000	\$161.5 million or more, but less than \$500 million
\$250,000	\$500 million or more, but less than \$1 billion
\$400,000	\$1 billion or more, but less than \$2 billion
\$800,000	\$2 billion or more, but less than \$5 billion
\$2,250,000	\$5 billion or more

The above fees will adjust annually in line with any change in the Consumer Price Index.

The FTC also announced the maximum civil penalty for HSR Act violations, raising the amount from \$46,517 per day to \$50,120 per day, effective as of January 11, 2023.

Finally, the FTC has increased, effective on January 20, 2023, the thresholds that prohibit, with certain exceptions, competitor companies from having interlocking relationships among their directors or officers under Section 8 of the Clayton Act. Section 8 provides that no person shall, at the same time, serve as a director or officer in any two corporations (not other business structures (*e.g.*, partnerships or LLCs)) that are competitors, such that elimination of competition by agreement between them would constitute a violation of the antitrust laws. There are several “safe harbors” which render the prohibition inapplicable under certain circumstances, such as when the size of the corporations, or the size and degree of competitive sales between them, are below certain dollar thresholds. Competitor corporations are now subject to Section 8 if each one has capital, surplus and undivided profits aggregating more than \$45,257,000, although no corporation is covered if the competitive sales of either corporation are less than \$4,525,700. Even when the dollar thresholds are exceeded, other exceptions preventing the applicability of Section 8 may be available. In particular, if the competitive sales of either corporation are less than 2% of that corporation’s total sales, or less than 4% of each corporation’s total sales, the interlock is exempt. In addition, Section 8 provides a one-year grace period for an individual to resolve an interlock issue that arises as a result of an intervening event, such as a change in the capital, surplus and undivided profits or entry into new markets.
