Indian Health Services

Description of Program and Relief

This program provides funding to the Indian Health Service to cover the cost of COVID-19 testing. Specifically, the program appropriates $64 million in new funding to the Indian Health Service to be used to cover the costs of COVID-19 diagnostic tests, the costs of administering such tests, and the costs of health care services related to determining the need for such tests.

Government or Lead Agency

Department of Health and Human Services, through the Indian Health Service

Dates Available

Funding is available until September 30, 2022.

Eligibility Requirements/Restrictions

Individuals must be receiving health care through the Indian Health Service or an Urban Indian Health Organization.

Application Deadlines

The Act does not provide for specific application procedures. There may not be an application required other than the normal procedures for receiving health care services through the Indian Health Service or an Urban Indian Health Organization.
