

Recent Developments in the United States Affecting U.S.-Listed Chinese Companies

Recent actions by the U.S. Senate, Nasdaq, the SEC, and President Trump have targeted U.S.-listed Chinese companies, including Senate Bill 945 (the “Holding Foreign Companies Accountable Act”), proposed Nasdaq rule amendments, and the June 4 Presidential Memorandum. There is mounting pressure for Public Company Accounting Oversight Board access and greater investor protections.

Paul, Weiss cordially invites you to attend a webinar presentation on these developments, the implications for Chinese companies, recent trends in U.S. regulatory enforcement and class action litigation, and considerations for U.S.-listed Chinese companies to mitigate increasing enforcement and litigation risks.

Paul, Weiss, Rifkind, Wharton & Garrison LLP has been certified by the New York State Continuing Legal Education Board and the State Bar of California as accredited providers of continuing legal education. Attendees may earn New York State and California continuing legal education credit. Requests for CLE credit in other jurisdictions will be applied for and are considered pending until approval is received from the CLE Board.
